- IDSP 450-Spring only and in NYC

**Interdisciplinary Studies Concentrations**

*At least 36 credits in three permitted areas of concentration, with a minimum of 12 credits in each area. Up to 18 additional elective credits in any one of the three areas (a possible total of 30 credits) will count toward the IS degree; up to 6 additional elective credits in each of the other two areas (a possible total of 18 credits each) are also allowed.*

*Concentrations include: Architecture & Interior Design, Behavioral Sciences, Biological & Chemical Sciences, Biology, Business, Digital Art & Design, English, Finance, Humanities, Information Technology, Management, Marketing, Math/Physics, Medical Humanities, Psychology, Self-Designed Concentration, Social Sciences, Technical & Professional Communication, and Technology*

*At least 30 credits in two permitted areas of concentration from the list above, with a minimum of 15 credits in each area and at least one 300-level course in one concentration. Up to 15 additional elective credits in the first area (a possible total of 30 credits) will count toward the IDSP degree, up to three (3) additional elective credits in the other area (a possible total of 18 credits). A third concentration (15 credits) or a minor can be added.*
