Total Required 9 Credits _____

Interdisciplinary Studies Concentrations

At least 36 credits in three permitted areas of concentration, with a minimum of 12 credits in each area. Up to 18 additional elective credits in any one of the three areas (a possible total of 30 credits) will count toward the IS degree; up to 6 additional elective credits in each of the other two areas (a possible total of 18 credits each) are also allowed.

Concentrations include: Architecture, Behavioral Sciences, Business, Communication Arts, Computer Science, English, Fine Arts, Hospitality Management, Humanities, Labor Relations, Life Sciences, Math/Physics, Social Sciences, Technical Writing, Technology, Telecommunications Management.

In some cases, concentrations are pre-selected in order to maximize your credits. These are merely suggestion. To officially declare your concentrations you must speak to your advisor once you are enrolled at NYIT.

TOTAL CREDITS FOR DEGREE 120

* The specific type of bachelor's degree is dependent upon the percent of liberal art credits completed:

 Bachelor of Arts requires 75% liberal arts (90 credits out of 120)
 Bachelor of Science requires 50% liberal arts (60 credits out of 120)
 Bachelor of Professional Studies requires 25% liberal arts (30 out of 120)
