

VT Submissions Screen in BB

Finally, when you click on your VT Assignment folder you will see the VT link, When you click on the VT link you will see on the right side the submissions screen that enables you to track those who have and have not submitted comments to the VT Assignment, assuming you have created a graded VT assignment. When you are ready to grade a VT assignment, return to your course and click on the VT folder and/or link. This will display the grader shown above.

When students click on the link for a graded assignment, they will see the assignment you have created. They can select the VoiceThread and add text comments, record comments, or add slides (if that is part of your assignment objectives). After students click on the "Submit Assignment" button, you will be see their work and be able to grade it accordingly.

See separate document for a rubric, more information on grading, and ideas for VT assignments..
