# TurnItIn

Originality Check | Online Grading | Peer Review

## What is TurnItIn?

Turnitin is a web-based application that helps to **reduce plagiarism** and makes it easy to give your students **good feedback** about their writing.

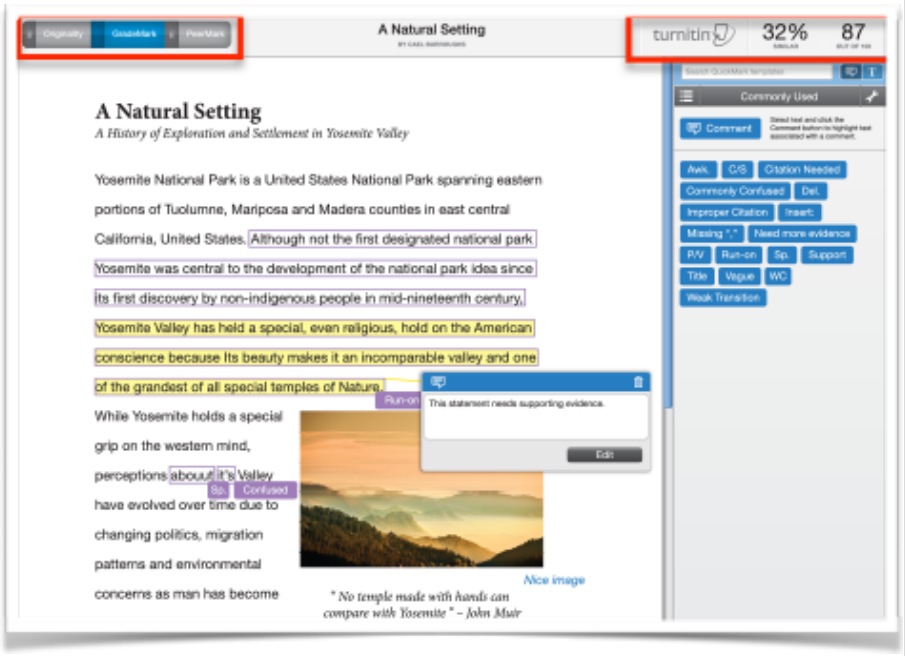
## Why use TurnItIn?

**Ensure Originality:**
Check students' work for potential plagiarism by comparing it against the world's largest comparison database

**Smarter Grading:**
Give students legible, timely feedback while saving instructors grading time

**Streamline Peer Reviews:**
Simplify one of the most valuable feedback processes

**Submit any type of file:**
Turnitin works with documents, presentations, spreadsheets, images, and html code



## Key Features

- Receive a clear, concise **originality report**: color-coded sources correspond to matching passages in the student work and generate a simple **similarity index score**.
- Easy **drag-and-drop editing marks**, **voice comments** and **rubrics** make grading faster for instructors and give students legible, **timely feedback**.
- **Automated assignment distribution**, anonymous reviews, and instructor questions to guide students allow for **peer reviews** in even the largest classes.
- **Turnitin for iPad:** sync assignments to your iPad so you can grade them **on- or off-line.**
