

**Continuous Program Improvement (CPI)
Student Support Units - Student Success/Achievement
Plan Implementation Report - AY 2022-23**

Unit name	
Expected date of submission	06/30/2022
Unit head/director	

New York Tech’s CPI process is implemented to meet Middle States Commission on Higher Education (MSCHE) Standard V: *Educational Effectiveness Assessment*, which states: “Assessment of student learning and achievement demonstrates that the institution’s students have accomplished educational goals consistent with their program of study, degree level, the institution’s mission, and appropriate expectations for institutions of higher education.”

Each student support unit was asked to create a three-year assessment/evaluation plan to improve **student success/achievement** covering the following academic years: **2022-2023, 2023-2024, and 2024-2025**.

All units’ three-year CPI plans are available here: https://www.nyit.edu/planning/cpi_annual_reports

This is a report on the student success/achievement CPI plan **implementation** for the **2022-23** academic year.

The report should address the following points:

1. Briefly describe the strategic actions/initiatives that your unit has implemented during the 2022-23 academic year to improve student experiences and achieve educational goals.
2. What were the student success goals for each of the strategic actions/initiatives implemented in 2022-23?
3. Which qualitative and quantitative key performance indicators (KPIs) were used to assess the actions’/initiatives’

effectiveness?

4. What are the results? Does the data/evidence show that the actions/initiatives implemented have been effective in achieving the goals outlined in your plan?
5. Close the loop: If the actions/initiatives were successful, describe how your unit will keep or expand the good practices. If they were not successful, explain how you have or will refine the plan and begin the next cycle of [Plan-Do-Study-Act \(PDSA\)](#).
6. Describe how staff in your unit were involved in the implementation of the student success/achievement CPI plan and how the results will be communicated to all stakeholders.
