

NEW YORK INSTITUTE OF TECHNOLOGY

Reinvent the Future.

ADVANCE YOUR EMPLOYEES' EDUCATION

Join the New York Tech Professional Development Program

New York Institute of Technology (New York Tech) is pleased to partner with you on increasing the professional capacity of your organization and encouraging your employees to advance their skills. This will not only help your employees stay engaged in your organization but will also help you attract top talent.

New York Tech is a dynamic, highly ranked, and accredited non-profit university that offers a high quality education at an affordable price—one of the lowest private tuition rates in the regional, and is committed to support the professional development needs of your employees.

In disciplines ranging from architecture and design to the STEM fields and business, your employees can enhance their education by enrolling in our undergraduate, graduate programs, professional certificates, continuing education credits and units (CECs, CEUs), non-credit courses, personal enrichment and micro-credential programs.

Six Schools and Colleges

Architecture & Design

Arts & Sciences

Health Professions

Management

Osteopathic Medicine

To help us meet your needs, please complete the employee feedback survey at nyit.edu/EMPSurvey

Invest in your talent and become a New York Tech Academic Partner

- Our Academic Programs:
 - meet the needs of your employees (via the above survey)
 - are available on-campus, or in hybrid format offering accessibility and convenience
 - may be offered at your location for a cohort of 20+ employees
- If your organization offers tuition reimbursement programs we will streamline employees' admissions, registration and billing
- If your organization does not provide tuition reimbursement we can offer reduced tuition rates to your employees
- Your employees will receive dedicated advising and other support
