

Connecting your iPad to the NYIT Wi-Fi Network

Step 1: Start from your iPad Homepage.

Step 2: Tap Settings.

Step 3: Tap Wi-Fi.

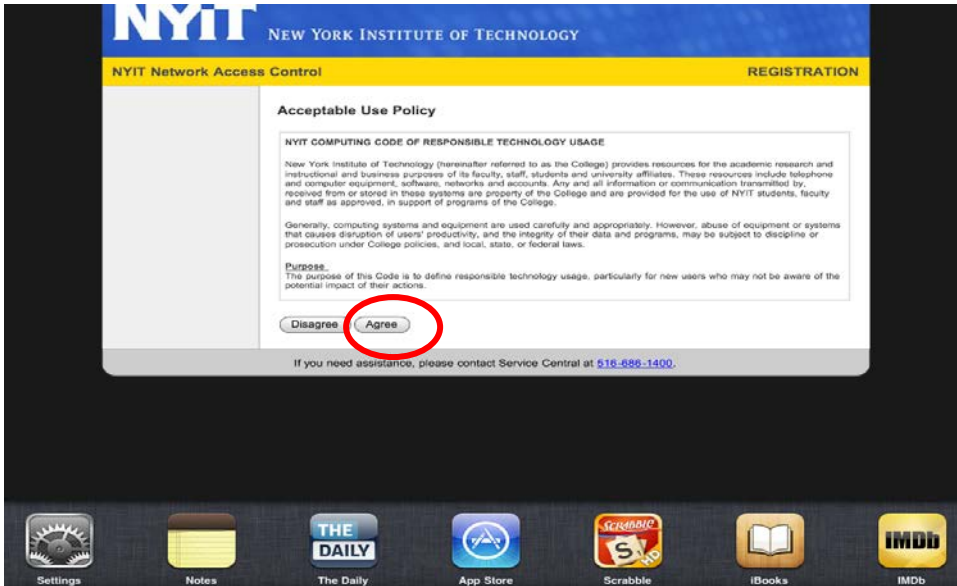

Step 4: Tap the NYIT Wi-Fi Network (once chosen a blue check mark will appear).

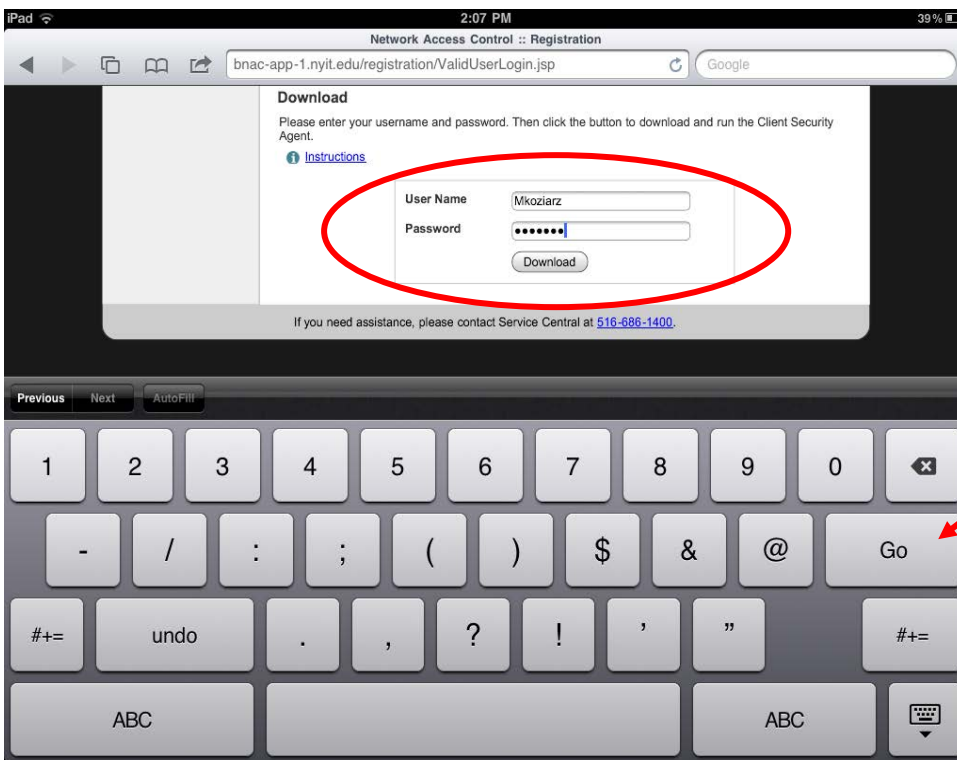

Step 5: Exit to your Home page.

Step 6: Open a new Browser Session.

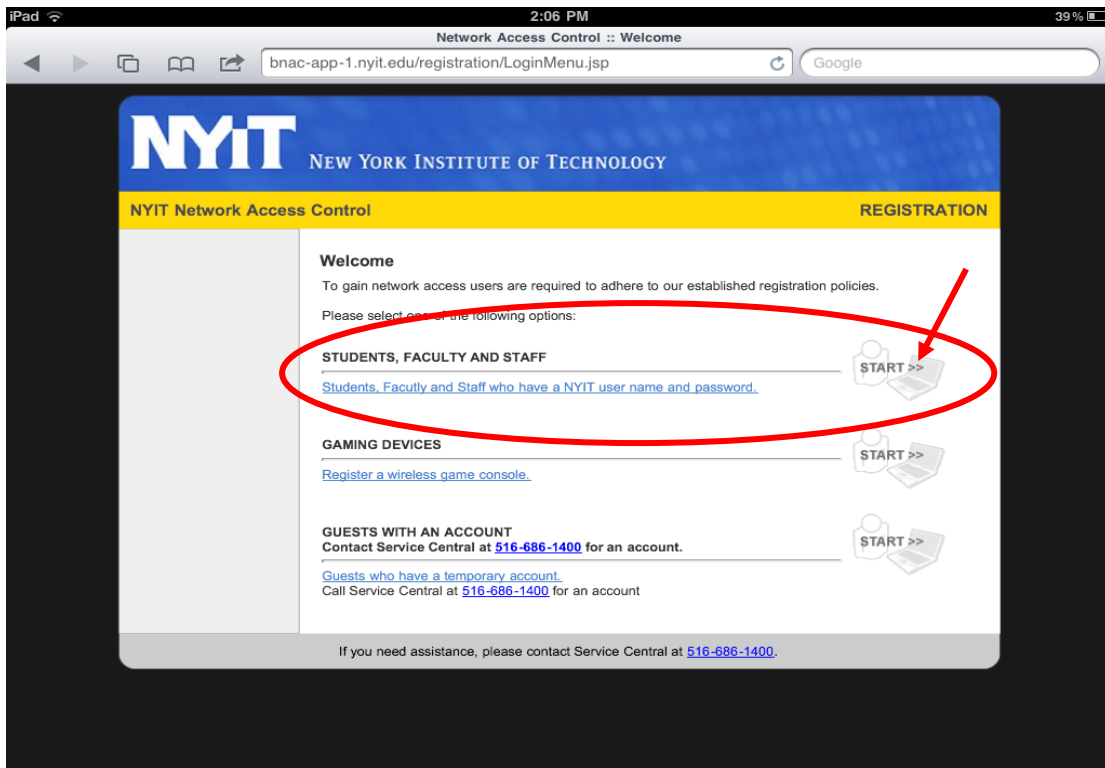

Step 7: You must Read and agree to the NYIT Code of Responsible Technology usage agreement.

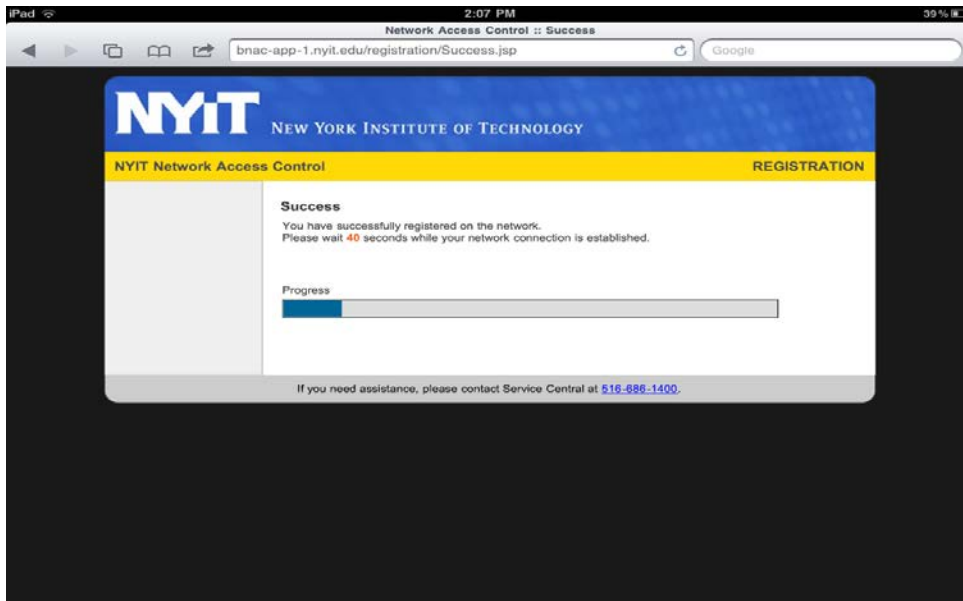

Step 8: Log in using your NYIT User name and Password and tap go.

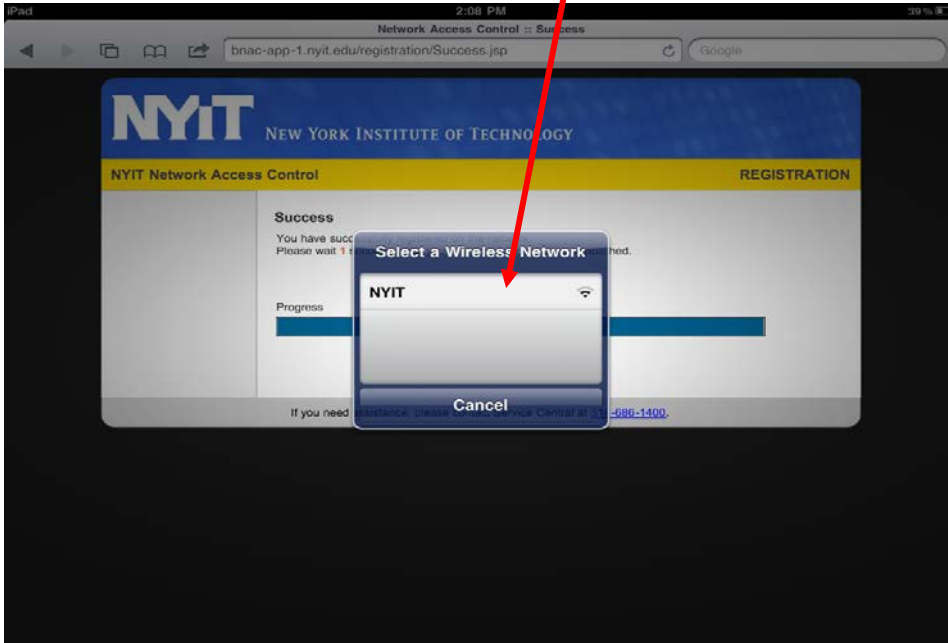

Step 9: Choose the applicable agent

Step 10: The client will start to download the Bradford dissolvable agent which will verify that your system meets the campus network security requirements. This dissolvable agent is a proactive tool to help us ensure each computer attaching to the NYIT network is safe and secure. After running the required tests, the tool will automatically uninstall itself from your computer.

Step 11: Tap NYIT

Step 12: Tap the NYIT Wi-Fi Network.

Step 13: Close your current browser and open a new browser session.

Step 14: Restart Your iPad

Step 15: Open a new browser session
