

Master of Science in Cybersecurity (M.S.-CYBERSECURITY)

The **Master of Science in Cybersecurity (M.S.-Cybersecurity)** program at the New York Institute of Technology - Vancouver (NYIT) is internationally acclaimed for its multi-faceted education and student success rate. Students will learn to critically evaluate various technical and architectural solutions in order to limit risk and mitigate the effects of hostile action, while studying algorithm concepts, risk management, and attack recovery. The program covers the design, implementation, and maintenance of software tools to support network security across multiple operating systems.

Highlights

- Students are able to enjoy brand new, state of the art facilities located at Broadway Tech Centre campus. The program is supported by a dedicated cybersecurity lab.
- The program offers an innovative, technology-oriented, and interdisciplinary curriculum taught by qualified and experienced faculty.
- M.S.- Cybersecurity is an applied degree and can be completed in less than two (2) years.
- Students have the opportunity to transfer between New York and Vancouver campuses.
- Financial aid is available to Canadian Citizens and Permanent Residents of Canada.
- Career planning services are available on campus to all students.
- International students are eligible to work off campus (max. 20 hrs/week) during their studies and can qualify for post-graduation work permits (up to three (3) years) after graduation.

The NYIT-Vancouver M.S.-Cybersecurity Program

M.S.- Cybersecurity echoes the non-thesis curriculum option already offered in New York. The program is ideally suited for students with a computer science, electrical engineering, or related backgrounds who intend to play a leading role in the implementation and management of computer and network security systems.

Students who graduate from the M.S.- Cybersecurity program can expect great demand from the following occupations:

- Cybersecurity Specialists
- Cybersecurity Engineers
- Network Administrators
- Cyber Threat Analysts
- Information Systems Managers
- Security Analysts

Intakes & Duration

There are three (3) terms in every academic year; Fall (15 wks, Sep.–Dec.), Spring (15 wks, Jan.–Apr.), and Summer (8 wks, May–Jul.). M.S.-Cybersecurity is a two (2) year program, but strong students can complete it in less than two years.

How to Apply

All NYIT-Vancouver applications are done online and require a non-refundable \$50 USD application fee. The application process begins here: nyit.edu/admissions/vancouver →

Once you have paid the fee, upload the following documents:

- Four (4) year Bachelor’s degree certificate
- Transcripts from **each semester** of your four (4) year Bachelor's degree
- Any transcripts or certificates received beyond your Bachelor’s degree program
- Proof of English proficiency (TOEFL or IETLS)²
- Copy of official GRE score (*if required*)
- Statement of Purpose (*recommended*)
- A copy of your passport
- Two (2) letters of recommendation from professors who are familiar with your undergraduate work (*recommended*)

[1] *Minimum requirements. The M.S.-Cybersecurity program has a limited number of seats and only the best applicants will be admitted to the program.*

[2] *This is not required if you have completed your Bachelor’s degree from an English speaking country such as Canada, the United States, the United Kingdom, Australia, or New Zealand. NYIT-Vancouver reserves the right to test new students for their English proficiency upon arrival on campus.*

Accreditation / Approvals

The School of Engineering and Computing Sciences at NYIT is accredited in the U.S. by the **Engineering Accreditation (EAC) of the Accreditation Board Engineering and Technology, Inc. (ABET)**. In British Columbia, Canada, the program is approved by the **Ministry of Advanced Education**. See here: <https://admin.bceqa.gov.bc.ca/report/> →

Program Overview

The M.S.-Cybersecurity core curriculum includes 31.5 credits, including eight (8) required courses (24 credits), one (1) elective (3 credits), one (1) supervised project (3 credits), and one (1) Technical Communications course (1.5 credits).

For more detailed course information, please see:

nyit.edu/degrees/information_network_computer_security/curriculum →

[3] International students must take a minimum of 19.5 credits per year to qualify for Full Time status (7.5 credits in their first term and 6 credits in subsequent terms). If you have earned a bachelor degree from an English speaking country such as Canada or the U.S., you are eligible to apply for a waiver of the Technical Communications course.

[4] For two (2) years. Amount does not include other fees or tuition fees for any prerequisite or bridge courses that may be required. Two-year tuition fee is calculated based on: Summer 2021 USD \$890/credit; Fall 2021 USD \$980/credit; Spring 2022 USD \$980/credit; Summer 2022 USD \$980/credit; Fall 2022 USD \$1,080/credit; Spring 2023 USD \$1,080/credit.
